

**Carol Garrett (BA Hons, PGCE, DPSL, OBE)**

My professional career has been somewhat quirky from being a Secondary School History teacher, to working for Suffolk Constabulary as their Police Education Coordinator, to becoming Trading Standards Product Safety lead officer then ending my career in the Civil Service in London coordinating UK border controls for consumer products. Since retiring I have wanted to use my skills, experience and energy to support local projects benefiting our community. I've lived in Mid Suffolk for about 40 years and have two sons and two grandchildren.
