

## **Mike Rouse**

Visiting family members in Debenham for many years, I moved here in 2007 with my wife and a close relative who had been diagnosed with dementia.

Actively involved in the Project since its inception and based on my business background, I have been keen to see it develop and expand in a positive direction.

In collaboration with the Project team, including a number of dedicated volunteers, I am proud to have contributed to raising awareness of dementia and providing support to those in need in the community
