

**Tammy King**  
**Business owner**

Having spent many years running 2 small businesses in the village, I have seen firsthand the vital work that The Debenham Project does to support the local community. As a trustee, I hope to help by raising awareness through our social media platforms, securing funds and ensuring the continued success of its initiatives.

I have personal experience of the challenges faced by families living with dementia, having seen both of my parents suffer.

Keeping me on my toes I have twin daughters! Who in previous years have helped raise funds for the charity.
